

# Hoof Repair

## Mouldable, versatile

APPLICATIONS • Cracks • Voids • Extensions • Reconstructions • Repairs

A highly versatile, fully mouldable, structural formula that has the texture, strength and flexibility of natural hoof wall. It cures quickly, is effective in wet conditions, and when used with Imprint Structural Adhesive, forms a powerful bond with hoof wall which can be nailed into, rasped and will stay in place as hoof grows.

- Assimilates hoof
- Lightweight
- Safe and clean to use
- Moulds perfectly
- Cool application
- Will not shatter
- Can be nailed

"... the repair process is uncomplicated ... our Imprint Hoof Repair is suitable for simple repairs right through to more complex hoof reconstruction; results speak for themselves ...  
... This is rapidly becoming industry standard procedure."

*Andrew Poynton* FWCF
